# NSU ART CAMP 2018

## Session 1: **Advanced Projects for Teens**

Ages: 12-18

Dates: June 4th-8th

This week is designed for older kids looking to learn advanced art skills. The 5 projects we will work on throughout the week are digital illustration, 3D printing, portraiture, sculpting and life casting. These projects will be weeklong projects taught by an NSU Art Professor and an NSU Grad student, similar to the projects taught in classes at NSU.

## Session 2: **Super Heroes**

Ages: 5-11

Dates: June 11th-15th

This week's theme focuses on art projects with subject matter of heroes and villains. We'll explore the scenes and characteristics that entertain the masses in comic books and graphic novels. Good versus evil, special powers and fun costumes will be explored through beginning level art projects.

## Session 3: **Outer Space**

Ages: 5-11

Dates: June 18th-22nd

This week's theme focuses on art projects with subject matter revolving around space. Aliens, spaceships, other planets and endless possibilities will be explored through entry level art projects.
